To whom it may concern:

RE: New South Wales Country Rugby League

The New South Wales Country Rugby League side from Australia travelled to South Africa in October 2013 for a comprehensive tour against the SARL National Rugby League Team. Universal Travellers was responsible for all the logistical arrangements, which were hassle free and extremely successful. The services included were flight bookings, accommodation bookings, luxury coach transfers, excursions and hospitality, as well as the continuous management of the tour.

On behalf of Maxxium Sport I want to thank Universal Travellers for their professional and highly effective service. We would definitely recommend their service to any organization interested in booking travel related and hospitality packages.

Regards

Chris Botes
